TMA Sponsorship Reservation and Renewal
Since its founding 70 years ago, TMA has taken tremendous pride in its education and networking events. Our commitment to providing attendees and our valued sponsors with a distinct and highly rewarding experience has garnered TMA a reputation for impeccable quality.

The quality of our events is evident in all aspects - from the sites that we select and our featured speakers, to our networking forums and special tours. As a sponsor, you too will take great pride in your brand’s association with a TMA event.

Our sponsorship offerings, as noted herein, are designed to present premium branding opportunities for companies of all sizes. If you have an idea for an enhanced, or new sponsorship, please do not hesitate to raise it to our staff. Our goal is to ensure that our member companies receive the greatest value for their sponsorship investment.

Each company who contracts a sponsorship for one of TMA’s annual events is offered first right of refusal in renewing their commitment for the following year’s event.

If you sponsored an event in 2019, your company has until June 1, 2020 to maintain your sponsorship for 2020. If you opt to select a different sponsorship, or decline to renew, the sponsorship will be open for a new member company.

Sponsorships offer member companies varying benefits, some of which include, but are not limited to:
- Extensive logo recognition in event print and electronic promotions, as well as TMA Dispatch and TMA Signals. (Links where possible.)
- Leadership speaking opportunities (Where noted.)

Why sponsor a TMA event?
- Brand exposure - TMA events attract high-level security industry decision makers and buyers
- High-level networking - Put your top executive(s) at the table or within a handshake distance from key sales prospects
- Credibility/Competency - Enhance or build a solid reputation as a credible, competent practitioner or innovator amongst professional security monitoring leaders

To reserve or renew a 2020 TMA sponsorship, please contact:
