**THE FUTURE OF NETWORKING AND WIFI 6 FOCUS OF KEYNOTE  
AT TMA'S OPS-TECH 2020**

***Scott Stanton, Sr. Director, Americas Network Transformation, Cisco  
to deliver keynote, Nov. 18, 2020***

**October 21, 2020, McLean, VA** – The Monitoring Association (TMA) is pleased to announce that Scott Stanton, Sr. Director, Americas Network Transformation, Cisco, will deliver a keynote address at its upcoming OPS-TECH 2020. Mr. Stanton's remarks will speak to the future of networking and WiFi 6 and the impact on how this technology enables IoT devices and fills in the gaps of LTE and 5G buildouts. The keynote address will be delivered virtually via Zoom on Wed., Nov. 18<sup>th</sup> at 11:10 AM [EST]. Full details and registration options are available at <https://tma.us/events/operations-technology-seminar/>.

OPS-TECH is the new combination of two of TMA's most popular annual education and networking events – the Fall Operations Management Seminar and the Tech Summit. TMA is pleased to introduce a reimagined meeting structure and delivery format this year with the intention that the virtual platform will open up new opportunities for additional attendees to actively take part in these valuable programs. By focusing on three main areas of interest, TMA will offer education that will appeal to operations, video surveillance and installation professionals, and IT managers who want to take their companies to the next level. This solutions-based event will offer attendees the opportunity to come with a problem and leave with a solution.

**The program will be presented in three sections over the course of several days:**

- Focus on Operations: November 9-11
- Special *BONUS* – Focus on Video: November 12 (included in the Operations package or stand-alone)
- Focus on Technology: November 17-18

Industry sponsors of the event include Full Meeting Sponsors: BOLD Group and MAS. Event Meeting Sponsors include OneTel, SentryAI, and TRG Associates, Inc., *SDM Magazine* and *Security Business Magazine/SIW.com* are the official media sponsors.

For complete details and registration options, go to <https://tma.us/events/operations-technology-seminar/>.
