TMA accepting applications for IQ and FirstNet certifications

TMA is now accepting application for two of its newest certification programs. The IQ Program is the only quality control program for installations, monitoring, maintenance, and service of electronic safety systems. FirstNet is a mobile broadband public-safety network that provides network communication that is faster than any commercial wireless network. Learn more about how your company can benefit from these certification programs:

- IQ
- FirstNet

Important Telecommunications News

- **Verizon 3G Sunset extension announcements false** — Two articles recently appeared in reputable media publications (one reiterating the other) regarding a delay of Verizon's 3G sunset. If your company has a longevity agreement with Verizon (either directly or through another company), which many of you do, your 3G sunset is still set for December 2022. If you have any questions, please speak with your Verizon representative.

- **National Suicide Prevention Lifeline to alarm companies** — Changes need to be made by intrusion and fire services companies in preparation for the nationwide implementation of 988 as the 3-digit abbreviated dialing code for the National Suicide Prevention Lifeline. [LEARN MORE](#)

- **DC 202/771 area code overlay** — It is imperative that alarm companies reprogram alarm panels in customers’ premises if they currently are programed to dial out seven digits to reach the alarm monitoring bureau. If they are dialing out seven digits now, they must be reprogramed to dial out a ten-digit number which includes the 202 area code plus telephone number. [LEARN MORE](#)

INDUSTRY NEWS

The changing role of security
Security Magazine
Traditionally, security leaders are tasked with protecting physical and digital assets and reduce risk utilizing preventive safeguards within the organization. In 2020, however, security leaders saw their roles change significantly and were forced to update emergency preparedness plans, undertake risk assessments and oversee health-related concerns and procedures in reaction to the COVID-19 outbreak, social and civil unrest, the election and more.
