Seven New ECCs Go Live with TMA's Automated Secure Alarm Protocol

May 9, 2023, McLean, VA – The Monitoring Association (TMA) has welcomed seven new Emergency Communications Centers (ECCs) to the list of its Automation Secure Alarm Protocol (ASAP-to-PSAP) users in 2023. The latest additions bring the total nationwide total to 127. Launched in 2011 as a public-private partnership, TMA's ASAP service is designed to increase the accuracy and efficiency of calls for service from alarm companies to Emergency Communication Centers (ECCs).

The seven new ECCs (in order by live date) are:

1. Snohomish County, WA [#121, Live 1/23]
2. New River Valley (Montgomery County), VA [#122, Live 2/23]
3. Genesee County, NY [#123, Live 3/23]
4. Deschutes County, OR [#124, Live 3/23]
5. Fairfax County, VA [#125, Live 3/23]
6. Henry County, GA [#126, Live 4/23]
7. El Paso County, CO [#127, Live 5/23]

About The Monitoring Association

The Monitoring Association (TMA), formerly the Central Station Alarm Association (CSAA), is an internationally-recognized non-profit trade association that represents professional monitoring companies, security systems integrators, and providers of products and services to the industry. Incorporated in 1950, TMA represents its members before Congress and regulatory agencies on the local, state and federal levels, and other authorities having jurisdiction (AHJs) over the industry. About TMA's ASAP Service

Launched in 2011 as a public-private partnership, TMA's Automated Secure Alarm Protocol (ASAP) service is designed to increase the accuracy and efficiency of calls for service from alarm companies to PSAPs. The ASAP service utilizes ANSI standard protocols developed cooperatively by the Association of Public-Safety Communications Officials (APCO) and The Monitoring Association (TMA).
